### PROGRAM

### Green Bags

Mark Steffen

Have you noticed the green cloth bags at Dave's? The P.C.H.S. marketing class helped design and implement them. As you know, plastic bags have gotten a bad rap lately. They are banned in San Francisco. Phoenix, Arizona is where the green cloth bags come from. For the last 3 years the P.C. marketing class has taken an inside look at marketing at Dave's. When the cloth bags came up they wanted to help design. They came up with 5 designs, slogan and summary. Dave's took them and incorporated them into the present design. They originally ordered 3,000 but have only 150 left.

We watched a 10-min. movie of Paul Harris in 1942.
