Bits & Pieces

What we know is not much.
 What we do not know is immense.
 ...Pierre Simon LaPlace

Marty Meredith

Liv. Co. Sheriff's Candidate

Marty is one of the candidates we will be voting for on Feb. 2nd, 2010. He resides in Long Point with his family and has been with the Sheriff's Dept. for the past 12 years. He has 3 boys at home ages 12, 11 and 9. He had 3 companies he was running and decided to sell them so he could devote his time to this race and the Sheriff's Office. Mary wants to bring the Sheriff's Dept. back into the rural. This Dept. is the highest law enforcement authority in the county. They have 34 police officers. He wants them to become more active with the communities. Drugs are a big problem. They can buy a heroin hit for \$3, come back and sell it for \$15. Heroin is definitely on the rise. It is a powder that you can inject, smoke it or snort it. It is known

as the party drug. Meth labs are around. In the last three years they have busted 8. As the public, you deserve the right to know these things. If you don't know what the drug looks like, how do you control it at home. They need police or counselors they can talk to when caught. We need meetings for adults to see what we can do to stop it. After you arrest them, give them a way to get better through church ministry and or police. Crime will slow down. Information is the key - education, leadership by example. Treat people as you would want to be treated. Remember the old slogan on all the cars "Protect and Serve".
