Quips & Quotes

*May the work that you have
 Be the play that you love!

 asks questions, and thinks before he speaks.

District Governor

Alvin Griggs

District Governor Alvin Griggs opened the meeting with the President Citation to Josh and our club. He noted the mortality rate for children under 5 went down from 30,000/day to less than 26,000. This was part of our Make Dreams Real Goal - to reduce this through our polio, water and educational grants from the Foundation.

Turning Point Therapies

Josh Smith • Lee Noonan • Dawn Phillips

Turning Point is owned by Lee Noonan with Dawn Phillips as Vice President, Josh Smith as full time physical therapist, Sandy Dawson and Carol Mients as office staff. They have all new equipment in this facility. Their main function is physical therapy but they also have a wellness side with a membership fee. Josh had Charlie come up to demonstrate some of the techniques used to check him out. "Did you see the pain in his face?" Only kidding! *It was very interesting what they had to say, you should have been there!*
